

Activity/ Situation	FULL OPENING OF SCHOOL DURING COVID-19 PANDEMIC				
Location	Carnagill School				
Persons at Risk	Pupils ☒	Employees☒	Visitors ☒	Contractors ☒	
HAZARD(S)	<p><i>Note: this list is not exhaustive and must be adapted for your own needs</i></p> <ul style="list-style-type: none"> ✗ Contact Between Individuals Not Minimised and Social Distancing Measures Not Followed ✗ Social Distancing Measures Not Followed During Travel to and from School ✗ Inadequate Cleaning/Sanitising ✗ Shared Resources ✗ Spread of Coronavirus to Staff, Pupils and Families, Visitors and Contractors ✗ Site User Becoming Unwell ✗ Site User Developing Symptoms ✗ Inadequate Hand Washing/Personal Hygiene ✗ Inadequate Personal Protection & PPE ✗ Visitors, Contractors & Spread of Coronavirus ✗ Inadequate Ventilation ✗ Arrangements for Boarding Schools During Pandemic 				
	CONTROL MEASURES		ADDITIONAL INFORMATION	YES	NO
<p><i>Note: you must amend and adapt this generic risk assessment to suit your own needs by selecting the controls from the examples provided (adding and amending others where necessary) and then evaluate the overall risk for the activity/situation.</i></p>					
<p>In considering all of the below risks and potential control measures, please be mindful of your duties under the Equality Act by ensuring that there is no adverse impact on any particular group of staff / pupils with protected characteristics</p>					
<p>Local Restriction Tiers Guidance</p>					
<p>Contact Between Individuals Not Minimised and Social Distancing Measures Not Followed</p>					
<p>Consistent groups are in place which reduces the risk of transmission by limiting the number of pupils and staff in contact with each other to only those within the group</p>	<p>Details;- Consistent groups and contact with other staff and pupils is in place. Nursery – separate building. No close/proximity contact to other children FS2 – separate part of the building to other classes Year 1/2- 2 classes will operate as 1 bubble due to shared expertise of staff for group work Year 3/4 – 2 classes will operate as 1 bubble due to shared expertise of staff for group work.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

	<p>Year 5/6 – 2 classes will operate as 1 bubble due to shared areas at playtimes and shared expertise of staff.</p> <p>KS2 – shared toilets Each bubble will be assigned toilet to use.</p> <p>Before and After school club bubble</p>			
<p>The school keeps a record of pupils and staff in each group, and any close contact that takes places between children and staff in different groups</p>	<p>This should be a proportionate recording process. Schools do not need to ask pupils to record everyone they have spent time with each day or ask staff to keep definitive records in a way that is overly burdensome</p> <p>Headteacher has a record of pupils and staff and each group – held electronically and any contact</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Primary schools may be able to implement groups that are the size of a full class. If that can be achieved, it is recommended, as this will help to reduce the number of people who could be asked to isolate should someone in the group become ill with coronavirus (COVID-19).</p>	<p>Circumstances need to be assessed and if class-sized groups are not compatible with offering a full range of subjects or managing the practical logistics within and around school, you can look to implement year group sized 'bubbles'</p> <p>Nursery Class bubble</p> <p>Reception class bubble</p> <p>Year 1/2 -1 Year group bubble</p> <p>Year 3/4 – 1 Year group bubble</p> <p>Year 5/6 – 1 Year group bubble</p> <p>Before and After school club bubble</p> <p>As much as possible, staff remain in their allocated bubble</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<p>In the younger years in Secondary Schools (key stage 3), schools may be able to implement groups that are the size of a full class. If that can be achieved, it is recommended, as this will help to reduce the number of people who could be asked to isolate should someone in group become ill with coronavirus (COVID-19).</p>		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>In Secondary Schools, and certainly in the older age groups at key stage 4 and key stage 5, the groups are likely to need to be the size of a year group to enable schools to deliver the full range of curriculum subjects and students to receive specialist teaching. If this can be achieved with small groups, they are recommended</p>		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>Whatever the size of the group, they are kept apart from other groups and older children are encouraged to keep their distance within their groups</p>	<p>Social distancing will be observed between groups. Older children will be taught about social distancing. Close and proximity contacts – within own bubble only</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Schools with the capability to do it should take steps to limit interaction, and the sharing of rooms and social spaces between groups as much as possible</p>	<p>Each bubble will use their own classroom. If a space is shared, this will be cleaned (anti-bac wipes) before the next group of children use it. This will be kept to a minimum. At the most, 2 bubbles will be in the hall at the same time for dinner, but in separate areas and will not mix. Adequate space between tables for each bubble will be adhered to Staff will remain in one bubble as much as possible. Staff to strictly observe socially distancing between each other.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>It is recognised that younger children will not be able to maintain social distancing, and it is acceptable for them not to distance within their group</p>	<p>Younger children will not be able to follow social distancing rules within their bubble and they will not interact with other bubbles Staff to be aware of their social distancing with children and ensure side on</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	support or wear a face covering if desired. Staff to give reminders to children about social distancing with staff. With younger children, this may not be possible. Use of a face covering is acceptable in any situation.			
Schools keep children in their class groups for the majority of the classroom time, but also allow mixing into wider groups for specialist teaching, wraparound care and transport	Each bubble will remain in their bubble for teaching time. Wrap around care will have additional procedures in place to restrict the amount of mixing. Staff will remain in one bubble where possible	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Siblings may be in different groups	Siblings in own bubbles	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Teachers and other staff operate across different classes and year groups in order to facilitate the delivery of the school timetable	HLTA staff will operate across bubbles to ensure that PPA time/leadership time can be provided. They will operate across the same bubbles each week as much as possible. Update Jan 21- HLTAs will operate in own year group bubbles only	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where staff need to move between classes and year groups, they should keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults	The use of face coverings in indoor areas outside the classroom may be needed because the school is in an area on the COVID Alert Level: high or very high or at the head teacher's discretion (see Inadequate Personal Protection section of this RA) Social distancing for staff moving across bubbles is adhered to between staff and pupils and staff and staff If social distancing is not possible e.g. corridors, staff room and offices, staff will wear face	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>coverings when in tier 2 and 3 or national lockdown</p> <p>Update – Jan 21 – Staff are able to wear a face covering whenever they choose to. They can be worn in the classroom in any situation that the member of staff feels it is required. In all communal areas, strict following of face coverings is required.</p>			
<p>Where possible adults maintain a 2 metre distance from each other, and from children</p>	<p>2 metre social distancing to be adhered to as much as possible, especially inside the building</p> <p>Update Jan 21 – Staff to ensure at least 2 metres distance between staff in other bubbles and where possible with staff in own bubble.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Adults avoid close face to face contact and limit time spent within 1 metre of anyone</p>	<p>- direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin)</p> <p>- proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual</p> <p>Adults to have side by side contact with children or from behind them.</p> <p>No face to face contact. Face Coverings can be worn for any close</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	contact work in any situation. Staff to decide where and when they feel they need to wear them			
Within the classroom a distance between people is maintained so far as reasonably practical	It is accepted that distancing may not be possible in primary schools Regular discussions with children about social distancing. Ensure at least 2 Metres social distancing between staff	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils are seated side by side and facing forwards, rather than face to face or side on	Classrooms organised so that children are seated side by side and facing the front of the classroom. Classroom re-organisation ready for September Look at set up of classroom to ensure no face to face	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff will work side on to pupils as opposed to face to face whenever possible	Staff to support children from the side with their work Staff to strictly adhere to this at all times. If staff feel more comfortable, a face covering will be worn	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Educational and care support is provided as normal to pupils who have complex needs or who need close contact care	Children with complex needs continue to receive one to one and any intimate care they require. Risk assessments for individual children with an EHCP in place as appropriate and action taken to support staff safety For children who have complex needs, normal support will be given but with adaptations e.g. face covering worn, alternative space provided to reduce emotional dysregulation, Headteacher support	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	if a child shows signs of dysregulation, parents called to support if needed.			
Schools, local authorities, health professionals, regional schools commissioners and other services work together to ensure that children with medical conditions are fully supported, including through the use of individual healthcare plans, so that they may receive an education in line with their peers	In some cases, the pupil's medical needs will mean this is not possible, and educational support will require flexibility. Our guidance on supporting pupils at school with medical conditions remains in place	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Unnecessary furniture has been moved out of classrooms to make more space	Only necessary furniture is in classrooms to make space for new classroom layout	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Large gatherings such as assemblies or collective worship with more than one group do not take place	Assemblies are class assemblies only or on Teams for a virtual assembly led by the Headteacher or DHT	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The timetable and selection of classroom or other learning environment has been used to reduce movement around the school or building	Movement around the building is minimal. One way systems in corridors ensure no cross over of children	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to staggered starts or adjusting start and finish times to keep groups apart as they arrive and leave school	Staggered start and finish times should not reduce the amount of overall teaching time Start and finish times are staggered for all bubbles to ensure no cross over of bubbles	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Parents' drop-off and pick-up protocols planned to minimise adult to adult contact	Drop off for school is from the gate near the children centre. Children's centre is not currently re-opening. Year 5/6 to enter premises without parents. Only one parent to accompany other year groups. Parents leave via the gate at the bottom of the playground ensuring one-way system. Children stand in lines and greeted by staff and brought in to the building. At pick up time, parents enter by gate near children centre and stand in their child's line.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	Children will be sent to their parent and leave together at the bottom gate From 6.10.20, based on guidance from Richmondshire District Council, parents wear a face covering on site for drop off and pick up.			
Parents and pupils are told their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use)	Parents communicated about drop off and pick up time via letters home on email, school website, via Seesaw and with a video showing where to stand	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It is made clear to parents that they cannot gather at entrance gates or doors, or enter the site (unless they have a pre-arranged appointment, which should be conducted safely)	Letter to parents states that parents are not to gather on the school site or by the gates.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
External entrances to classrooms are used where practical	KS1 and Reception classrooms use external classroom doors to enter the building. KS2 children use the door near the staff room which leads on to a one way system to their classroom	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Break times are staggered so that all pupils are not moving around the school at the same time	Breaktimes are staggered to allow for bubbles not to mix. External doors used by classes to gain access to playground and field. Playgrounds sectioned off for bubbles Year 5/6 – 10am to 10.20 Y3/4 – 10.20 to 10.40am KS1 and EYFS – flexible teaching with playbased – own outdoor area used	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Lunch breaks are staggered	Lunches are staggered. KS2 have only 45 minutes lunchtime and have an afternoon playtime to support the staggered lunch EYFS – lunch hall 11.45am to 12.15pm then outside until 1pm in	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>zoned area of the playground Year 1/2 (Diamond) – 12-12.30pm in zoned area of hall and then outside in zoned area of the playground Year 1/2 (Emerald) – 12-12.30pm – playground in own zone. Hall 12.30pm to 1pm Year 5/6 – 11.50 to 12.35 – eat in classrooms then 10 minutes playtime in zoned area Year 3/4 – 12 to 12.20pm – outside in zoned areas. 12.20 to 12.55pm – lunch in classrooms</p>			
<p>Numbers of staff using Staff Room are limited or the use of Staff Room is staggered to ensure that staff maintain 2 metres distance from each other</p>	<p>The taping off or removal of chairs may be needed to ensure staff cannot sit within 2 metres of each other. Staff must still have a break of a reasonable length during the day Staff use the staff room at allocated lunchtime around the staggered lunch and break times. Chairs clear marked to show which are in use. One person in the kitchen area at a time. Strictly adhere to social distancing in staff room. Face coverings to be used except when eating or drinking</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Staff meetings take place remotely where possible. Where this is not possible staff meetings take place in a large well ventilated room ensuring 2 metres social distancing at all times</p>	<p>Virtual staff meetings could take place where staff stay in their classrooms and join the meeting.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>School can resume non-overnight domestic educational visits</p>	<p>Domestic (UK) overnight and overseas educational visits are prohibited</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

School has resumed, or is working to resume, all their breakfast and after-school provision	Breakfast and after school club continues to run	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School works closely with any external wraparound providers which their pupils may use, to ensure as far as possible, children can be kept in a group with other children from the same bubble they are in during the school day	Only in school car given on site	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Where it is not possible, or it is impractical to group children in the same bubbles as they are in during the school day, schools and external providers group children with others from outside their school day bubble (or from a different school, where children from multiple schools are attending provision) keep children in small, consistent groups with the same children each time		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Social Distancing Measures Not Followed During Travel to and from School				
Parents and pupils are encouraged to walk or cycle to their education setting where possible		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools, parents and pupils following the government guidance on how to travel safely, when planning their travel on public transport	Safer travel guidance for passengers	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Cleaning/Sanitising				
A cleaning schedule that ensures cleaning is generally enhanced and includes more frequent cleaning of rooms / shared areas that are used by different groups is in place	Central/admin team will clean frequently touched areas at allocated times during the school day. Each class will also have additional cleaning materials to clean in between. Shared areas will be cleaned by central and admin team	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Surfaces that pupils are touching, such as toys, books, desks, chairs, doors, sinks, toilets, light switches, bannisters etc. are cleaned more often than normal	Frequently touched surfaces and toys will be cleaned by central/admin team and class staff to reduce the risk of transition	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Electronic entry systems and keypads are regularly sanitised particularly first thing in the morning and where possible after each use	Admin staff clean key pads and entry systems in the morning and after use as appropriate. Anti-bacterial wipes provided	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bins for tissues and other rubbish are emptied throughout the day	Bins are emptied at lunchtime each day – class teachers to tie them up and leave	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	outside classroom for collection			
Stocks of cleaning chemicals, liquid soap, paper towels, tissues, toilet roll, bin bags etc. regularly checked and additional supplies requested as necessary	Admin team to work with caretaker and order as appropriate. Supplies in place for September.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to how play equipment is used ensuring it is appropriately cleaned between groups of children using it	Play equipment in Nursery garden and play trail on KS2 playground. If used by a bubble, staff clean it after use.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Outdoor playground equipment should be more frequently cleaned	This would also apply to resources used inside and outside by wraparound care providers	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Shared Resources				
For individual and very frequently used equipment, such as pencils and pens, it is recommended that staff and pupils have their own items that are not shared	Frequently used equipment – children to have own and kept in their trays/on their desk. Not to be shared. Staff have own equipment If equipment in EYFS/KS1 is shared it will be used only within the bubble and cleaned	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Classroom based resources, such as books and games, can be used and shared within the bubble; these are cleaned regularly, along with all frequently touched surfaces	Resources not shared outside the bubble. Resources cleaned regularly. Use steriliser for equipment on at least a weekly basis	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Resources that are shared between classes or bubbles, such as sports, art and science equipment should be cleaned frequently and meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles	Any sports or Science equipment will be cleaned if used by different bubbles or left unused for 48/72 hours. Staff to clearly mark when a resources was last used if it is being left	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils can bring essentials such as lunch boxes, hats, coats, books, stationery, bags and mobile phones (depending on school policy) in to school	Letter to parents will state what children are able to bring in to school. They are to bring coats, lunch boxes and reading books only. PE kits will not be brought. They will be worn for the whole of the PE day.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils and teachers can take books and other shared resources home, although	It is very difficult to adequately clean	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<p>unnecessary sharing should be avoided, especially where this does not contribute to pupil education and development. Rules on hand cleaning, cleaning of the resources and rotation apply to these resources</p>	<p>exercise books so the school may need to isolate the books for 48 hours before marking Reading books – children can take these home to support re-engagement in learning. These will be left 72 hours and will only be used by children within the bubble. Ensure a rotation of books Marking policy adapted to allow for live marking, self marking and verbal feedback – no books to go home with teachers to mark</p>			
<p>Devices/ laptops/tablets etc. that are brought from home to school and back again are cleaned at the start and end of the day</p>	<p>Clean laptop and IPADS when moving them between home and school - staff</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Spread of Coronavirus to Staff, Pupils and Families, Visitors and Contractors</p>				
<p>Contact with individuals who are unwell is minimised by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school</p>	<p>Ensuring that pupils, staff and other adults do not come into the school if they have coronavirus (COVID-19) symptoms, or have tested positive in the last 10 days, and ensuring anyone developing those symptoms during the school day is sent home, are essential actions to reduce the risk in schools and further drive down transmission of coronavirus (COVID-19) This will be shared with staff via Teams and written plan. This will be shared with parents via letter, Facebook and Seesaw</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>The school recognises that if they have two or more confirmed cases within 14 days, or an overall rise in sickness absence where</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

coronavirus (COVID-19) is suspected, they may have an outbreak and must continue to work with their local health protection team who will be able to advise if additional action is required				
All pupils, including those who are clinically extremely vulnerable, can continue to attend school at all Local Restriction Tiers unless they are one of the very small number of pupils or students under paediatric care (such as recent transplant or very immunosuppressed children) and have been advised specifically by their GP or clinician not to attend school.	New advice for those identified through a letter from the NHS or a specialist doctor as in the group deemed clinically extremely vulnerable	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff who are in the clinically extremely vulnerable group can continue to attend school in all three local restriction tiers	Advice for those identified through a letter from the NHS or a specialist doctor as in the group deemed clinically extremely vulnerable (CEV or shielding list)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Under local restriction tier 3: very high alert, staff and employers may wish to discuss flexibilities that support clinically extremely vulnerable staff, such as staggered start times to reduce travel during rush hour	An Individual Risk Assessment will be needed. Advice sought on a case by case basis. Individual Risk Assessments will need to be subject to regular review In the future, the government will only reintroduce formal restrictive shielding advice in some local areas in tier 3: very high alert where this has been advised by the Chief Medical Officer, and only for a limited period of time. The government will write to individuals to inform them if they are advised to follow formal shielding and not attend the workplace.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
People who live with those who are clinically extremely vulnerable or clinically vulnerable can and do attend the workplace	An Individual Risk Assessment may be needed. Advice sought on a case by case basis. Individual Risk Assessments will	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>need to be subject to regular review Headteacher to speak to staff concerned and discuss an individual risk assessment. Social distancing will be maintained as much as possible</p>			
<p>Pregnant women are in the 'clinically vulnerable' category</p>	<p>School must complete the New and Expectant Mothers risk assessment as well as the Covid Individual risk assessment. Both the New and Expectant Mothers and the Individual Risk Assessment must be reviewed prior to 28 weeks when risk factors increase. Individual Risk Assessments will need to be subject to regular review RCOG Q&A covid19 virus infection and pregnancy Headteacher to conduct a risk assessment up to 28 weeks. After 28 weeks, Occupational health advice, midwife advice will be sought alongside staff's wishes to consider 3rd trimester support/actions</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Where it is necessary to use supply staff and peripatetic teachers, those individuals will be expected to comply with the school's arrangements for managing and minimising risk, including taking particular care to minimise contact and maintain as much distance as possible from other staff</p>	<p>To minimise the numbers of temporary staff entering the school premises, and secure best value, schools may wish to use longer assignments with supply teachers and agree a minimum number of hours across the academic year</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>Sporting Influence – social distance to be maintained. Their risk assessment is clear and planning allows for social distancing sport</p> <p>Speech and language therapists and other professionals – maintain social distance and handwashing</p> <p>Supply teachers – school have own supply teachers on books who work for limited number of schools and work in one area of our school only to limit risk</p>			
Specialists, therapists, clinicians and other support staff for pupils with SEND provide interventions as usual		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Volunteers may be used to support the work of the school, as would usually be the case	Mixing of volunteers across groups should be kept to a minimum, and they should remain 2 metres from pupils and staff where possible	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Access to PPE should be available where there is contact with diagnosed or suspected person with covid-19	See Inadequate Personal Protection & PPE section of this risk assessment PPE available in the main building medical room and in Nursery. If 2 metres distance cannot be maintained with someone showing symptoms, staff will wear PPE and follow the procedures for putting on and removing – available in medical rooms	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Site User Becoming Unwell				
If anyone in the school becomes unwell with a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), they must be sent home and advised to follow the guidance which sets out that they must self-isolate for at least 10 days and should arrange to have a test to see if they have coronavirus (COVID-19). Other members of their household (including any siblings) should self-	stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection If they have tested positive whilst not experiencing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

isolate for 10 days from when the symptomatic person first had symptoms	symptoms but develop symptoms during the isolation period, they should restart the 10-day isolation period from the day they develop symptoms Admin staff will maintain a record of self isolation, testing and return dates to school – staff and children			
If a pupil is awaiting collection, they should be moved, if possible, to a room where they can be isolated behind a closed door, depending on the age of the Pupils and with appropriate adult supervision if required. Ideally, a window should be opened for ventilation.	If it is not possible to isolate them, move them to an area which is at least 2 metres away from other people Medical room used for children to wait collection.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If the pupil needs to go to the toilet while waiting to be collected, they should use a separate toilet if possible. The toilet should be cleaned and disinfected using standard cleaning products before being used by anyone else	Toilet in the medical room to be used only. The medical room and toilet will be cleaned after use	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PPE should be worn by staff caring for the pupil while they await collection if a distance of 2 metres cannot be maintained (such as for a very young pupil or a pupil with complex needs)	See Inadequate Personal Protection & PPE section of this risk assessment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In an emergency, call 999 if the pupil is seriously ill or injured or their life is at risk.	Anyone with coronavirus (COVID-19) symptoms should not visit the GP, pharmacy, urgent care centre or a hospital First aiders available (Paediatric and FAWW). Admin staff will call 999 if anyone is seriously ill	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Any member of staff who has provided close contact care to someone with symptoms, even while wearing PPE, and all other members of staff or pupils who have been in close contact with that person with symptoms, even if wearing a face covering, do not need to go home to self-isolate unless: <ul style="list-style-type: none"> the symptomatic person subsequently tests positive 		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<ul style="list-style-type: none"> • they develop symptoms themselves (in which case, they should arrange to have a test) • they are requested to do so by NHS Test and Trace or the PHE advice service (or PHE local health protection team if escalated) 				
<p>Everyone must wash their hands thoroughly for 20 seconds with soap and running water or use hand sanitiser after any contact with someone who is unwell</p>	<p>Hands will be washed at regular intervals throughout the day with soap and water. Hand sanitiser is available if above cannot be accessed. Hands will be washed: On entry to building Before playtime After playtime Before eating Before home time After using the toilet After sneezing or coughing At other regular times</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>The area around the person with symptoms must be cleaned with normal household disinfectant after they have left to reduce the risk of passing the infection on to other people</p>	<p>COVID-19: cleaning of non-healthcare settings guidance Cleaning will be undertaken by admin/central team</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Site User Developing Symptoms</p>				
<p>Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to book a test if they are displaying symptoms. The main symptoms are a high temperature, a new continuous cough and/or a loss or change to your sense of smell or taste. Staff and pupils must not come into the school if they have symptoms, and must be sent home to self-isolate if they develop them in school. All children can be tested if they have symptoms, including children under 5, but children aged 11 and under will need to be helped by their parents or carers if using a home testing kit</p>	<p>The advice service (or PHE local health protection team if escalated) will provide definitive advice on who must be sent home. A template letter will be provided to schools, on the advice of the health protection team, to send to parents and staff if needed Letters to parents to be used Regular updates via newsletter to be given on current procedures</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>School have received an initial supply of 10 home test kits and information about how to order to replenish this supply when they are running out</p>	<p>School should call the Test and Trace helpdesk on 119 if</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	these have not arrived.			
School determines how to prioritise the distribution of their test kits in order to minimise the impact of the virus on the education of their pupils.	The test kits sent to schools are provided to be used in the exceptional circumstance that an individual becomes symptomatic and schools believe they may have barriers to accessing testing elsewhere. These kits can be given directly to staff or parents and carers collecting a child who has developed symptoms at school. In particular, these tests kits will also help ensure that symptomatic staff can also get a test and if they test negative, can return to work as soon as they no longer have symptoms of coronavirus (COVID-19). Further information is provided in our guidance Coronavirus (COVID-19): test kits for schools and FE providers.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test & Trace	Information to parents in letter and in subsequent newsletters. Staff – Teams/detailed plan Regular updates in newsletter	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to self-isolate if they have been in close contact with someone who develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19)	Household members of those contacts who are sent home do not need to self-isolate themselves unless the child, young person or staff member who is self-isolating subsequently develops symptoms	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<p>Parents and staff are asked to inform the school immediately of the results of a test</p>	<p>Schools must not share the names or details of people with coronavirus (COVID-19) unless essential to protect others</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>If someone with symptoms tests negative for coronavirus (COVID-19), then they should stay at home until they are recovered as usual from their illness but can safely return thereafter. The only exception to return following a negative test result is where an individual is separately identified as a close contact of a confirmed case, when they will need to self-isolate for 10 days from the date of that contact</p>	<p>Schools should not request evidence of negative test results or other medical evidence before admitting children or welcoming them back after a period of self-isolation Information shared with staff and parents via letter and Teams and detailed plan</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Someone who is self-isolating because they have been in close contact with someone who has tested positive for coronavirus (COVID-19) starts to feel unwell and gets a test for coronavirus themselves, and the test delivers a negative result, they must remain in isolation for the remainder of the 10-day isolation period</p>	<p>This is because they could still develop coronavirus (COVID-19) within the remaining days</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>If someone with symptoms tests positive, they should follow the ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’ and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste. This is because a cough or anosmia can last for several weeks once the infection has gone. The 10-day period starts from the day when they first became ill. If they still have a high temperature, they should continue to self-isolate until their temperature returns to normal. Other members of their household should all self-isolate for 10 days</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Schools send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 14 days since they were last in close contact with that person when they were infectious</p>	<p>Close contact means: - direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>physical contact (skin-to-skin)</p> <ul style="list-style-type: none"> - proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual - travelling in a small vehicle, like a car, with an infected person 			
School must take swift action when they become aware that someone who has attended has tested positive for coronavirus and must contact the dedicated advice service introduced by Public Health England (PHE) and delivered by the NHS Business Services Authority	This can be reached by calling the DfE Helpline on 0800 046 8687 and selecting option 1 for advice on the action to take in response to a positive case. Schools will be put through to a team of advisers who will inform them of what action is needed based on the latest public health advice	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Public Health England has good evidence that routinely taking the temperature of pupils by the school is not recommended as this is an unreliable method for identifying coronavirus (COVID-19) so this does not take place		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Hand Washing/Personal Hygiene				
Staff/pupils/cleaners/contractors etc. will be reminded to clean their hands regularly, including when they arrive at school, when they return from breaks, when they change rooms and before and after eating	<p>Ensure that staff have sufficient time to wash their hands regularly, as frequently as pupils</p> <p>Time provided for staff to wash hands.</p> <p>Hand sanitiser available at the entrance to school.</p> <p>Staff encouraged to wash hands frequently</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Hands are washed with liquid soap & water for a minimum of 20 seconds	This will be followed by all staff and pupils	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school has considered whether they have enough hand washing or hand sanitiser 'stations' available so that all pupils and staff can clean their hands regularly	Orders placed and enough supplies for each classroom, toilet area and rest areas	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Alcohol based hand cleansers/gels can only be used if soap and water are not available, but is not a substitute for hand washing. Such gels MUST ONLY BE USED UNDER CLOSE SUPERVISION . In normal circumstances pupils should not be using alcohol based hand cleansers because of the risk of ingestion.	Skin friendly cleaning wipes can be used as an alternative Hand sanitiser available if soap and water is not available. Pupils may use alcohol free sanitiser if soap and water are not available	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The 'catch it, bin it, kill it' approach is very important and is promoted	<p>CATCH IT  Germs spread easily. Always carry tissues and use them to catch your cough or sneeze.</p> <p>BIN IT  Germs can live for several hours on tissues. Dispose of your tissue as soon as possible.</p> <p>KILL IT  Hands can transfer germs to every surface you touch. Clean your hands as soon as you can.</p> <p></p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Disposable tissues are available in each room for both staff and pupil use	Each room has supplies	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bins (ideally lidded pedal bins) for tissues are available in each room	Bins available and emptied at lunchtime	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Risk assessments for pupils with complex needs that may struggle to maintain as good respiratory hygiene as their peers, for example those who spit uncontrollably or use saliva as a sensory stimulant, have been updated in order to support these pupils and the staff working with them	Risk assessments in place for particular children. Arm shields have been purchased for staff working with high needs children	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Personal Protection & PPE				
Face coverings are currently not in use by pupils in Primary schools as the risks are considered to be lower as pupils and staff are mixing in consistent groups, and because misuse may inadvertently increase the risk of transmission. There may also be negative effects on communication and thus education		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In schools that are in Tier 2 or Tier 3 , adults (staff and visitors) in primary schools and in secondary schools DO wear face coverings in areas outside of the classroom	Adults wear face coverings in all areas outside of the classroom	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In the event of an area moving into local restriction tier: high alert or very high alert , schools will ensure they communicate quickly and clearly to staff, parents and pupils that the new arrangements require the use of face coverings in certain circumstances	Some individuals are exempt from wearing face coverings . This applies to those who: - cannot put on, wear or remove a face covering	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>because of a physical or mental illness or impairment or disability</p> <p>- speak to or provide assistance to someone who relies on lip reading, clear sound or facial expression to communicate</p> <p>The same exemptions will apply in education settings, and we would expect teachers and other staff to be sensitive to those needs.</p>			
<p>In Primary schools where social distancing is not possible such as indoor areas outside of classrooms, between members of staff or visitors (for example, in staffrooms) staff may wear face coverings at the discretion of the Head Teacher</p>	<p>Face coverings are required by staff in the following places and circumstances where 2 metres social distancing is not possible:</p> <p>Corridors and all areas outside of the classroom</p> <p>Staff room – entering and leaving and moving around</p> <p>Admin and Headteacher office where there is more than one person in the office</p> <p>Close contact with parents and circumstances where 2 metres social distancing is not possible</p> <p>Visitors are asked to wear a mask on arrival to the site and if in classrooms within two metres of staff and children.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>In Secondary schools, that is year 7 and above, where social distancing is difficult to maintain (e.g. communal areas, corridors, staircases etc.), then face coverings may be worn by adults and pupils to address the risks at the discretion of the head teacher</p>	<p>https://www.gov.uk/government/publications/face-coverings-in-education/face-coverings-in-education</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

In Secondary schools, when an area moves to local restriction tiers 2 or 3 (high alert or very high alert), face coverings should be worn by adults and pupils when moving around the premises, outside of classrooms, such as in corridors and communal areas where social distancing cannot easily be maintained		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Face visors or shields are not routinely worn as an alternative to face coverings	Visors may protect against droplet spread in specific circumstances but are unlikely to be effective in preventing aerosol transmission, and therefore in a school environment are unlikely to offer appropriate protection to the wearer	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It is not necessary to wear face coverings in the classroom, where protective measures already mean the risks are lower, and where they could inhibit learning	Face coverings not used in classrooms	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In such circumstances as face coverings are allowed to be worn in school they must be worn correctly	Staff reminded about appropriate wearing of face coverings	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Clear instructions are provided to staff and pupils on how to put on, remove, store and dispose of face coverings, to avoid inadvertently increasing the risks of transmission	Staff reminder – training day/Teams	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Safe wearing of face coverings requires cleaning of hands before and after touching – including to remove or put them on – and the safe storage of them in individual, sealable plastic bags between use	Staff reminder – training day/Teams	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where a face covering becomes damp, it should not be worn and the face covering should be replaced		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where anybody is struggling to access a face covering, or where they are unable to use their face covering due to having forgotten it or it having become soiled or unsafe, the school has taken steps to have a small contingency supply available to meet such needs	School will hold a small supply of face coverings if staff do not have access to one	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School has a procedure for removing face coverings when those who use them arrive at school, and when to wear face coverings at school in certain circumstances	This procedure should be communicated clearly to pupils and staff	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PPE will need to be worn by a member of staff if a pupil becomes unwell with symptoms of coronavirus while in their setting and needs	safe working in education, childcare	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

direct personal care until they can return home. A face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the pupil is necessary, then gloves, an apron and a face mask should be worn by the supervising adult. If there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn	and children's social care PPE available for staff that are with children displaying symptoms and a distance of 2 metres cannot be maintained			
Visitors, Contractors & Spread of Coronavirus				
All visitors and contractors must make pre-arranged appointments or they will not be allowed on site	Admin staff to book visitors appointments. No other visitors will be allowed entry to the site Contact details will be collected for track and trace	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School ensures site guidance on physical distancing and hygiene is explained to visitors and contractors on or before arrival	Admin staff to explain to visitors and asked to hand wash on arrival	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where visits can happen outside of school hours, they are arranged as such	If possible, admin staff to book in after school hours	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Contractors to attend by agreement only after school have satisfied themselves that it is necessary for the visit to take place at that time and that all required controls are in place to allow the work to continue safely	If visit is necessary, it can take place	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Contractors to provide updated risk assessment prior to visit which includes their own controls round infection spread prevention	Times of visits may need to be adapted to take in to account the ability to maintain appropriate social distancing measures and availability of resources to effectively clean following the visits	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
As normal, school engages with their local immunisation providers to provide immunisation programmes on site, ensuring these are delivered in keeping with the school's control measures	These programmes are essential for children's health and wellbeing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where schools are satisfied that it would be safe to do so, they may choose to open up or hire out their premises for use by external bodies or organisations, such as external coaches or after-school or holiday clubs or activities	In doing so, schools should ensure they are considering carefully how such arrangements can operate within their wider protective measures and should also have regard to any other	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	relevant government guidance			
A record is kept of all visitors with sufficient detail to support rapid contact tracing if required by NHS Test and Trace.	Admin staff to book in all visitors	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Ventilation				
Occupied spaces must always be well ventilated and a comfortable teaching environment maintained	<p>This can be achieved by a variety of measures including:</p> <p>mechanical ventilation systems – these should be adjusted to increase the ventilation rate wherever possible, and checked to confirm that normal operation meets current guidance (if possible, systems should be adjusted to full fresh air or, if not, then systems should be operated as normal as long as they are within a single room and supplemented by an outdoor air supply)</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Ventilate spaces with outdoor air	Natural ventilation – if necessary external opening doors may also be used provided this doesn't compromise safeguarding measures	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where possible, occupied room windows should be open		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Keep toilet ventilation in operation as much as possible while building is occupied		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Switch air handling units with recirculation to 100% outdoor air where this is not possible, systems are operated as normal	Further advice on this can be found in Health and Safety Executive guidance on air conditioning and ventilation during the coronavirus outbreak and CIBSE coronavirus (COVID-19) advice .	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Prop doors open, where safe to do so (bearing in mind fire safety and safeguarding), to limit use of door handles and assist with creating a throughput of air	Fire doors must not be propped open unless they have a self-closing hold open device fitted	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In cold weather where the school heating system is activated, windows are open to provide trickle ventilation rather than being fully open	natural ventilation – opening windows (in cooler weather windows should be opened just enough to provide constant background ventilation, and opened more fully during breaks to purge the air in the space)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to opening high level windows in preference to low level to reduce draughts		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to only opening every other window instead of all windows when the heating is activated		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school offers flexibility to allow additional, suitable indoor clothing	For more information see School uniform	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Furniture rearranged where possible to avoid direct drafts		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Heating should be used as necessary to ensure comfort levels are maintained particularly in occupied spaces		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
When heating is activated and windows are on trickle vent, consideration is given to employing desk fans to move any stagnant pockets of air	Desk fans are pointed away from people and pointed at walls etc.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If school needs to use additional heaters they only use sealed, oil filled electric heaters	Electric fan heaters used sparingly due to increased fire and electrical risk	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Arrangements for Boarding Schools During Pandemic				
Where pupils travel from abroad to attend boarding schools, the school needs to plan for their collection and transfer from their point of arrival	Schools need to have plans in place for the collection and transfer of these pupils to school, which need to be explained to pupils and their parents before they travel. Advice to help schools, pupils and parents is provided in residential settings with international students guidance	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	and in how to self-isolate when traveling to the UK guidance			
Where they have travelled from, or have stopped at, a country or territory that is not on the travel corridors list , pupils will be required to self-isolate for 14 days from the day they leave a non-exempt country or territory to travel to the UK	Where suitable, pupils can self-isolate at their boarding school	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Boarding pupils can be in one group residentially and another during the school day		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
It is accepted that boarding pupils will mix during sociable time		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
If a child in a boarding school shows symptoms, they should initially self-isolate in their residential setting household. Most children will benefit from self-isolating in their boarding house so that their usual support can continue. Others will benefit more from self-isolating in their family home	Guidance on isolation for residential educational settings.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
In the case of any localised outbreaks, we expect them to keep the residential provision open if at all possible	Decisions will be made on a case-by-case basis. They will need to remain open to those who: -have particular needs that cannot be accommodated safely at home -do not have suitable alternative accommodation	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
School maintain safe staff ratios, particularly for those pupils or students whose needs mean that they are safer remaining in the setting than returning home	Settings should prioritise staffing towards the most vulnerable pupils and students	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Have you consulted with the people/representatives undertaking the activity as part of the preparation of this risk assessment		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
What is the level of risk for this activity/situation with existing control measures		High <input checked="" type="checkbox"/>	Med <input type="checkbox"/>	Low <input type="checkbox"/>
Is the risk adequately controlled with existing control measures		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
Have you identified any further control measures needed to control the risk and recorded them in the action plan		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
ACTION PLAN (insert additional rows if required)	To be actioned by			
Further control measures to reduce risks so far as is reasonably practicable	Name		Date	

State overall risk level assigned to the task AFTER implementation of control and action plan measures taken as a result of this risk assessment		High <input type="checkbox"/>	Med <input checked="" type="checkbox"/>	Low <input type="checkbox"/>
Is such a risk level deemed to be as low as reasonably practical?		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
Is activity still acceptable with this level of risk?		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
If no, has this been escalated to senior leadership team?		Yes <input type="checkbox"/>		No <input type="checkbox"/>
Assessor(s):	Louise Newport Headteacher	Signature(s):	L.Newport	
Date:	10 th July 2020	Review Date:	Reviewed weekly Latest Review 3.1.21	
Distribution: All staff and website				

Risk rating	Action
HIGH	Urgently review/add controls & monitor, notify H&S Team (if Likely or Highly Likely – stop work, seek competent advice)
MEDIUM	Review/add controls (as far as reasonably practicable) & monitor
LOW	Monitor control measures

POTENTIAL OUTCOME		LIKELIHOOD	
Catastrophic	Fatal injury/permanent disability	Highly likely	More likely to occur
Major	RIDDOR reportable Specified Injury/Disease/Dangerous Occurrence	Likely	↓
Moderate	RIDDOR reportable over 7 day injury	Possible	
Minor	Minor injury (requiring first aid)	Unlikely	Less likely to occur
Insignificant	Minor injury	Remote
