

Activity/ Situation	FULL OPENING OF SCHOOL DURING COVID-19 PANDEMIC FROM 8 th MARCH			
Location	Carnagill Primary School			
Persons at Risk	Pupils <input checked="" type="checkbox"/>	Employees <input checked="" type="checkbox"/>	Visitors <input checked="" type="checkbox"/>	Contractors <input checked="" type="checkbox"/>
HAZARD(S)	<p><i>Note: this list is not exhaustive and must be adapted for your own needs</i></p> <ul style="list-style-type: none"> ✗ Contact Between Individuals Not Minimised and Social Distancing Measures Not Followed ✗ Social Distancing Measures Not Followed During Travel to and from School ✗ Inadequate Cleaning/Sanitising ✗ Shared Resources ✗ Spread of Coronavirus to Staff, Pupils and Families, Visitors and Contractors ✗ Site User Becoming Unwell ✗ Site User Developing Symptoms ✗ Inadequate Hand Washing/Personal Hygiene ✗ Inadequate Personal Protection & PPE ✗ Visitors, Contractors & Spread of Coronavirus ✗ Inadequate Ventilation ✗ Arrangements for Boarding Schools During Pandemic 			
CONTROL MEASURES	ADDITIONAL INFORMATION	YES	NO	N/A
<p><i>Note: you must amend and adapt this generic risk assessment to suit your own needs by selecting the controls from the examples provided (adding and amending others where necessary) and then evaluate the overall risk for the activity/situation.</i></p>				
<p>In considering all of the below risks and potential control measures, please be mindful of your duties under the Equality Act by ensuring that there is no adverse impact on any particular group of staff / pupils with protected characteristics</p>				
<p>From 8 March, all pupils should attend school. Secondary pupils will be offered testing from 8 March</p>				
<p>Contact Between Individuals Not Minimised and Social Distancing Measures Not Followed</p>				
<p>Consistent groups are in place which reduces the risk of transmission by limiting the number of pupils and staff in contact with each other to only those within the group</p>	<p>Details;- Consistent groups and contact with other staff and pupils is in place. Nursery and Reception bubble using shared outdoor area Year 1/2- 2 classes will operate as 1 bubble due to shared expertise of staff for group work Year 3/4 – 2 classes will operate as 1 bubble due to shared expertise of staff for group work. Year 5/6 – 2 classes will operate as 1 bubble due to shared areas at playtimes and</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>shared expertise of staff.</p> <p>KS2 – shared toilets</p> <p>Each bubble will be assigned toilet to use.</p> <p>Before and After school club bubble</p>			
<p>The school keeps a record of pupils and staff in each group, and any close contact that takes places between children and staff in different groups</p>	<p>This should be a proportionate recording process. Schools do not need to ask pupils to record everyone they have spent time with each day or ask staff to keep definitive records in a way that is overly burdensome</p> <p>Headteacher has a record of pupils and staff and each group – held electronically and any contact</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Distinct groups or ‘bubbles’ that do not mix are maintained which makes it quicker and easier in the event of a positive case to identify those who may need to self-isolate and to keep that number as small as possible</p>	<p>Bubbles/groups of children do not mix and are kept separate</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Primary schools may be able to implement groups that are the size of a full class. If that can be achieved, it is recommended, as this will help to reduce the number of people who could be asked to isolate should someone in the group become ill with coronavirus (COVID-19).</p>	<p>Circumstances need to be assessed and if class-sized groups are not compatible with offering a full range of subjects or managing the practical logistics within and around school, you can look to implement year group sized ‘bubbles’</p> <p>Nursery and Reception – 1 EYFS bubble</p> <p>Year 1/2 -1 Year group bubble</p> <p>Year 3/4 – 1 Year group bubble</p> <p>Year 5/6 – 1 Year group bubble</p> <p>Before and After school club bubble</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>In the younger years in Secondary Schools (key stage 3), schools may be able to implement groups that are the size of a full</p>		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

class. If that can be achieved, it is recommended, as this will help to reduce the number of people who could be asked to isolate should someone in group become ill with coronavirus (COVID-19).				
In Secondary Schools, and certainly in the older age groups at key stage 4 and key stage 5, the groups are likely to need to be the size of a year group to enable schools to deliver the full range of curriculum subjects and students to receive specialist teaching. If this can be achieved with small groups, they are recommended		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Whatever the size of the group, they are kept apart from other groups and older children are encouraged to keep their distance within their groups	Social distancing will be observed between groups. Older children will be taught about social distancing. Close and proximity contacts – within own bubble only	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools with the capability to do it should take steps to limit interaction, and the sharing of rooms and social spaces between groups as much as possible	Each bubble will use their own classroom. If a space is shared, this will be cleaned (anti-bac wipes) before the next group of children use it. This will be kept to a minimum. At the most, 2 bubbles will be in the hall at the same time for dinner, but in separate areas and will not mix. Adequate space between tables for each bubble will be adhered to Staff will remain in one bubble as much as possible. Staff to strictly observe socially distancing between each other.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It is recognised that younger children will not be able to maintain social distancing, and it is acceptable for them not to distance within their group	Younger children will not be able to follow social distancing rules within their bubble and they will not interact with other bubbles Staff to be aware of their social distancing with children and ensure side on support. Staff to give reminders to children about social distancing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	with staff. With younger children, this may not be possible.			
Schools keep children in their class groups for the majority of the classroom time, but also allow mixing into wider groups for specialist teaching, wraparound care and transport	Each bubble will remain in their bubble for teaching time. Wrap around care will have additional procedures in place to restrict the amount of mixing. Staff will remain in one bubble where possible	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Siblings may be in different groups		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Teachers and other staff operate across different classes and year groups in order to facilitate the delivery of the school timetable	Staff will operate in one bubble as much as possible. If necessary a member of staff may need to operate across 2 bubbles but this will be kept to a minimum.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where staff need to move between classes and year groups, they should keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults	Social distancing for staff moving across bubbles is adhered to between staff and pupils and staff and staff Face covering will be used in all communal areas outside of the classroom.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The number of interactions or changes are minimised wherever possible	Staff remain in their bubble as much as possible, changes would only ever be under essential circumstances and would be at a minimum	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where possible adults maintain a 2 metre distance from each other, and from children	2 metre social distancing to be adhered to as much as possible, especially inside the building Staff to ensure at least 2 metres distance between staff in other bubbles and where possible with staff in own bubble.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Adults avoid close face to face contact and limit time spent within 1 metre of anyone	- direct close contacts - face to face contact with an infected individual for any length of	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin)</p> <p>- proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes either as a one-off contact or added up together over one day) with an infected individual</p> <p>Guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person/guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person</p>			
Staff in Secondary schools maintain distance from their pupils, staying at the front of the class, and away from their colleagues where possible		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Educational and care support is provided as normal to pupils who have complex needs or who need close contact care	Support is provided as necessary.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools, local authorities, health professionals, regional schools commissioners and other services work together to ensure that children with medical conditions are fully supported, including through the use of individual healthcare plans, so that they may receive an education in line with their peers	In some cases, the pupil's medical needs will mean this is not possible, and educational support will require flexibility. Our guidance on supporting pupils at school with medical conditions remains in place	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils are seated side by side and facing forwards, rather than face to face or side on	Classrooms organised so that children are seated side by side and facing the front of the classroom and not face to face.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Unnecessary furniture has been moved out of classrooms to make more space		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Large gatherings such as assemblies or collective worship with more than one group do not take place	Assemblies take place on Teams	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The timetable and selection of classroom or other learning environment has been used to keep groups apart and reduce movement around the school or building	Avoid creating busy corridors, entrances and exits	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Break times are staggered so that all pupils are not moving around the school at the same time	Break times staggered for all classes Breaktimes are staggered to allow for bubbles not to mix. External doors used by classes to gain access to playground and field. Playgrounds sectioned off for bubbles Year 5/6 – 10am to 10.20 Y3/4 – 10.20 to 10.40am KS1 and EYFS – flexible teaching with playbased – own outdoor area used	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Lunch breaks are staggered	Lunches are staggered. KS2 have only 45 minutes lunchtime and have an afternoon playtime to support the staggered lunch EYFS – lunch hall 11.45am to 12.15pm then outside until 1pm in zoned area of the playground Year 1/2 (Diamond) – 12-12.30pm in zoned area of hall and then outside in zoned area of the playground Year 1/2 (Emerald) – 12-12.30pm – playground in own zone. Hall 12.30pm to 1pm Year 5/6 – 11.50 to 12.35 – eat in classrooms then 10 minutes playtime in zoned area Year 3/4 – 12 to 12.20pm – outside in zoned areas. 12.20 to 12.55pm – lunch in classrooms	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<p>Numbers of staff using Staff Room are limited or the use of Staff Room is staggered to ensure that staff maintain 2 metres distance from each other</p>	<p>The taping off or removal of chairs may be needed to ensure staff cannot sit within 2 metres of each other. Staff must still have a break of a reasonable length during the day Staff use the staff room at allocated lunchtime around the staggered lunch and break times. Chairs clear marked to show which are in use. One person in the kitchen area at a time. Strictly adhere to social distancing in staff room. Face coverings to be used except when eating or drinking</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Staff meetings take place remotely where possible. Where this is not possible staff meetings take place in a large well ventilated room ensuring 2 metres social distancing at all times</p>	<p>Virtual staff meetings could take place where staff stay in their classrooms and join the meeting. All staff meetings are via Teams</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Consideration given to staggered starts or adjusting start and finish times to keep groups apart as they arrive and leave school</p>	<p>Staggered start and finish times should not reduce the amount of overall teaching time Start and finish times are staggered for all bubbles to ensure no cross over of bubbles</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Parents' drop-off and pick-up protocols planned to minimise adult to adult contact</p>	<p>CYPS Bulletin Drop off for school is from the gate near the children centre. Children's centre is not currently re-opening. Year 5/6 to enter premises without parents. Only one parent to accompany other year groups. Parents leave via the gate at the bottom of the playground ensuring one-way system. Children stand in lines and greeted by staff and brought in to</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	the building. At pick up time, parents enter by gate near children centre and stand in their child's line. Children will be sent to their parent and leave together at the bottom gate. Parents wear a face covering on site for drop off and pick up.			
All parents/carers entering the school premises (and in other congested areas around school premises) wear a face covering in addition to social distancing	This an extra safeguard to reduce the transmission of the virus. Please note that this does not apply to those who are medically exempt	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Ensure that you inform those travelling by car that they should wait in their car until the specific drop off time	This will reduce the amount of people assembling in and around the school grounds and will help with social distancing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Ensure that you inform parents to maintain social distancing from others when dropping off and collecting pupils from school	Parents communicated about drop off and pick up time via letters home and procedures on email, school website,	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Parents and pupils are told their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use, only one adult per family should enter school grounds to drop off or collect)	Communicated by newsletter – one parent per family, no gathering of groups of families and not arriving at school with other families	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It is made clear to parents that they cannot gather at entrance gates or doors, or enter the site (unless they have a pre-arranged appointment, which should be conducted safely)	Letter to parents confirms that parents must leave the school site asap and arrive at specified time only	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Educational Visits must not take place at this time		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
From 8 March, school will work to resume all before and after-school educational activities and wraparound childcare for pupils, where this provision is necessary to support parents to work, attend education and access medical care, and is as part of pupil's wider education and training	To resume on March 8th	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
You should advise parents that where they are accessing this provision for their children, that they must only be using this, where:	Communicated to parents	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<ul style="list-style-type: none"> the provision is being offered as part of the school's educational activities (including catch-up provision) the provision is as part of their child's efforts to obtain a regulated qualification or meet the entry requirements of an education institution the use of the provision is reasonably necessary to support them to work, seek work, undertake education or training, attend a medical appointment or address a medical need or attend a support group 				
School works closely with any external wraparound providers which their pupils may use, to ensure as far as possible, children can be kept in a group with other children from the same bubble they are in during the school day	No external wrap around care – own B/ASC only	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Where parents are using external childcare providers or out of school extra-curricular activities for their children, you should also: <ul style="list-style-type: none"> advise them to limit their use of multiple out-of-school settings providers, and to only use one out-of-school setting in addition to school as far as possible. encourage them to check providers have put in place their own protective measures send them the link to the guidance for parents and carers 	Information to parents	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If school premises are hired out for use by external wraparound childcare providers, such as after-school or holiday clubs, school have made sure these organisations have: <ul style="list-style-type: none"> considered the relevant government guidance for their sector put in place protective measures 	N/A	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Social Distancing Measures Not Followed During Travel to and from School				
Parents and pupils are encouraged to walk or cycle to their education setting where possible		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools, parents and pupils following the government guidance on how to travel safely, when planning their travel on public transport	Safer travel guidance for passengers	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Cleaning/Sanitising				
A cleaning schedule that ensures cleaning is generally enhanced and includes more frequent cleaning of rooms / shared areas that are used by different groups is in place	Central/admin team will clean frequently touched areas at allocated times during the school day. Each class will also have additional cleaning materials to clean in between. Shared areas will be cleaned by central and admin team	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Frequently touched surfaces, such as toys, books, desks, chairs, doors, sinks, toilets, light switches, bannisters etc. are cleaned more often than normal	Frequently touched surfaces and toys will be cleaned by central/admin team and class staff to reduce the risk of transition	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Electronic entry systems and keypads are regularly sanitised particularly first thing in the morning and where possible after each use	Admin staff clean key pads and entry systems in the morning and after use as appropriate. Anti-bacterial wipes provided	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bins for tissues and other rubbish are emptied throughout the day	Bins are emptied at lunchtime each day – class teachers to tie them up and leave outside classroom for collection	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Stocks of cleaning chemicals, liquid soap, paper towels, tissues, toilet roll, bin bags etc. regularly checked and additional supplies requested as necessary	Admin team to work with caretaker and order as appropriate. Supplies in place for September.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to how play equipment is used ensuring it is appropriately cleaned between groups of children using it	Play equipment in Nursery garden and play trail on KS2 playground. If used by a bubble, staff clean it after use.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Outdoor playground equipment should be more frequently cleaned	This would also apply to resources used inside and outside by wraparound care providers	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Shared Resources				
For individual and very frequently used equipment, such as pencils and pens, it is recommended that staff and pupils have their own items that are not shared	Frequently used equipment – children to have own and kept in their trays/on their desk. Not to be shared. Staff have own equipment If equipment in EYFS/KS1 is shared it will be used only within the bubble and cleaned	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Classroom based resources, such as books and games, can be used and shared within the bubble; these are cleaned regularly, along with all frequently touched surfaces	Resources not shared outside the bubble. Resources cleaned regularly. Use steriliser for equipment on at least a weekly basis	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Resources that are shared between classes or bubbles, such as sports, art and science equipment should be cleaned frequently and	Any sports or Science equipment will be cleaned if used by	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles	different bubbles or left unused for 48/72 hours. Staff to clearly mark when a resources was last used if it is being left			
Pupils should limit the amount of equipment they bring into school each day, including essentials such as lunch boxes, hats, coats, books, stationery, bags and mobile phones (depending on school policy)	Letter to parents will state what children are able to bring in to school. They are to bring coats, lunch boxes and reading books only. PE kits will not be brought. They will be worn for the whole of the PE day.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The ability to clean equipment used in the delivery of therapies, for example, physiotherapy equipment or sensory equipment has been assessed and where cleaning or disinfecting is not possible or practical, resources will be either: • restricted to one user • left unused for a period of 48 hours (72 hours for plastics) between use by different individuals	Determine whether this equipment can withstand cleaning and disinfecting between each use before it is put back into general use	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils and teachers can take books and other shared resources home, although unnecessary sharing should be avoided, especially where this does not contribute to pupil education and development. Rules on hand cleaning, cleaning of the resources and rotation apply to these resources	It is very difficult to adequately clean exercise books so the school may need to isolate the books for 48 hours before marking Reading books – children can take these home to support re-engagement in learning. These will be left 72 hours and will only be used by children within the bubble. Ensure a rotation of books Marking policy adapted to allow for live marking, self marking and verbal feedback – no books to go home with teachers to mark	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Devices/ laptops/tablets etc. that are brought from home to school and back again are cleaned at the start and end of the day	Clean laptop and IPADS when moving them between home and school - staff	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Spread of Coronavirus to Staff, Pupils and Families, Visitors and Contractors				
Contact with individuals who are required to self-isolate is minimised by ensuring they do not attend the school	This will be shared with staff via Teams and written plan. This	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	will be shared with parents via letter, Facebook and Seesaw			
Anybody contacted by NHS Test and Trace or local health protection team and told to self-isolate because they have been a close contact of a positive case, has a legal obligation to do so		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils, staff and other adults must not come into the school if: <ul style="list-style-type: none"> • they have one or more coronavirus (COVID-19) symptoms • a member of their household (including someone in their support bubble or childcare bubble if they have one) has coronavirus (COVID-19) symptoms • they are required to quarantine having recently visited countries outside the Common Travel Area • they have had a positive test 		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School makes everyone onsite or visiting aware that they must immediately cease to attend and not attend for at least 10 days from the day after: <ul style="list-style-type: none"> • the start of their symptoms • the test date if they did not have any symptoms but have had a positive test (whether this was a Lateral Flow Device (LFD) or Polymerase Chain Reaction (PCR) test) 		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school recognises that if they have two or more confirmed cases within 14 days , or an overall rise in sickness absence where coronavirus (COVID-19) is suspected, they may have an outbreak and will call the dedicated advice service who will escalate the issue to your local health protection team where necessary and advise if any additional action is required	You can reach them by calling the DfE Helpline on 0800 046 8687 and selecting option 1 for advice on the action to take in response to a positive case	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where a pupil routinely attends more than one setting on a part time basis, for example because they are dual registered at a mainstream school and a special setting, the settings should work through the system of controls collaboratively, enabling them to address any risks identified and allowing them to jointly deliver a broad and balanced curriculum for the pupil. Pupils should be able to continue attending both settings.	While some adjustment to arrangements may be required, pupils in this situation should not be isolated as a solution to the risk of greater contact except when required by specific public health advice	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where individuals are self-isolating and are within the definition of vulnerable, school has put systems in place to keep in contact with them, offer pastoral support, and check they are able to access education support	Phone calls to check on children	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where schools and colleges are carrying out their own testing regime, they make it clear to	In some cases, someone who has	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

staff and pupils that a negative test result does not remove the risk of transmission	tested negative may still have the undetected disease and be infectious. It is therefore essential that everyone continues to follow good hygiene and observe social distancing measures whether or not they have been tested			
The advice for pupils who have been confirmed as clinically extremely vulnerable is to shield and stay at home as much as possible until further notice. They are advised not to attend school while shielding advice applies nationally	You will be able to request from parents a copy of the shielding letter sent to CEV children, to confirm that they are advised not to attend school or other educational settings whilst shielding guidance is in place	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
CEV staff are advised not to attend the workplace	Staff who are CEV will previously have received a letter from the NHS or their GP telling them this	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Current DHSC guidance, informed by PHE, currently advises that CEV individuals should continue to shield even after they have been vaccinated	This may change as we get further data on the effects of vaccination	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Those living with someone who is CEV can still attend work where home-working is not possible and should ensure they maintain good prevention practice in the workplace and home settings		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
CV staff can continue to attend school. While in school they must follow the system of controls to minimise the risks of transmission		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff who live with those who are CV can attend the workplace but should ensure they maintain good prevention practice in the workplace and at home		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pregnant women are in the 'clinically vulnerable' category	School must complete the New and Expectant Mothers risk assessment as well as the Covid Individual risk assessment. Both the New and Expectant Mothers and the Individual Risk Assessment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>must be reviewed prior to 28 weeks when risk factors increase.</p> <p>Individual Risk Assessments will need to be subject to regular review</p> <p>RCOG Q&A covid19 virus infection and pregnancy</p>			
<p>Whilst pregnant women are at no greater risks of catching covid, there is evidence that those in later pregnancy are at greater risk of severe illness if they contract the virus and may give birth pre-term. Therefore, from now on pregnant employees in their 3rd trimester should be directed to work from home if they are currently attending a workplace. This should happen as soon as possible, and so managers are required to send home any pregnant employees who have reached the start of their 28th week of pregnancy</p>	<p>As per NYCC recommendation</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Pregnant workers in their 3rd trimester are now to be treated in the same way as CEV staff</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Volunteers may be used to support the work of the school, as would usually be the case</p>	<p>Mixing of volunteers across groups should be kept to a minimum, and they should remain 2 metres from pupils and staff where possible</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Specialists, therapists, clinicians and other support staff for pupils with SEND provide interventions as usual</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Where it is necessary to use supply staff and peripatetic teachers, those individuals will be expected to comply with the school's arrangements for managing and minimising risk, including taking particular care to minimise contact and maintain as much distance as possible from other staff</p>	<p>To minimise the numbers of temporary staff entering the school premises, and secure best value, schools may wish to use longer assignments with supply teachers and agree a minimum number of hours across the academic year</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Specialists, therapists, clinicians, support staff for pupils with SEND, supply teachers, peripatetic teachers or other temporary staff, can move between settings</p>	<p>They should ensure they minimise contact and maintain as much distance as possible from other staff</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Site User Becoming Unwell

<p>If anyone in the school becomes unwell with a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), they must be sent home and advised to follow the guidance which sets out that they must self-isolate for at least 10 days and should arrange to have a test to see if they have coronavirus (COVID-19)</p>	<p>Other members of their household (including any siblings) should self-isolate. Their isolation period includes the day symptoms started for the first person in their household, or the day their test was taken if they did not have symptoms, whether this was a Lateral Flow Device (LFD) or Polymerase Chain Reaction (PCR) test), and the next 10 full days. If a member of the household starts to display symptoms while self-isolating they will need to restart the 10 day isolation period and book a test</p> <p>Admin staff will maintain a record of self isolation, testing and return dates to school – staff and children</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>If a pupil is awaiting collection, they should be moved, if possible, to a room where they can be isolated behind a closed door, depending on the age of the Pupils and with appropriate adult supervision if required. A window should be opened for fresh air ventilation if it is safe to do so</p>	<p>If it is not possible to isolate them, move them to an area which is at least 2 metres away from other people</p> <p>Medical room used for children to wait collection.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>If the pupil needs to go to the toilet while waiting to be collected, they should use a separate toilet if possible. The toilet should be cleaned and disinfected using standard cleaning products before being used by anyone else</p>	<p>Toilet in the medical room to be used only. The medical room and toilet will be cleaned after use</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>PPE should be worn by staff caring for the pupil while they await collection if a distance of 2 metres cannot be maintained (such as for a very young pupil or a pupil with complex needs)</p>	<p>See Inadequate Personal Protection & PPE section of this risk assessment</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

In non-residential schools, if a pupil displays coronavirus (COVID-19) symptoms, or has a positive test, while at their school they should avoid using public transport and, wherever possible, be collected by a member of their family or household		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In exceptional circumstances, if parents or carers cannot arrange to have their child collected, if age-appropriate and safe to do so the child should walk, cycle or scoot home following a positive test result	If this is not possible, alternative arrangements may need to be organised by the school. The local authority may be able to help source a suitable vehicle which would provide appropriate protection for the driver, who must be made aware that the individual has tested positive or is displaying symptoms	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In an emergency, call 999 if the pupil is seriously ill or injured or their life is at risk.	Anyone with coronavirus (COVID-19) symptoms should not visit the GP, pharmacy, urgent care centre or a hospital First aiders available (Paediatric and FAW). Admin staff will call 999 if anyone is seriously ill	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Any member of staff who has provided close contact care to someone with symptoms, even while wearing PPE, and all other members of staff or pupils who have been in close contact with that person with symptoms, even if wearing a face covering, do not need to go home to self-isolate unless: <ul style="list-style-type: none"> the symptomatic person subsequently tests positive they develop symptoms themselves (in which case, they should arrange to have a test) they are requested to do so by NHS Test and Trace or the PHE advice service (or PHE local health protection team if escalated) they have tested positive from an LFD test as part of a community or worker programme 		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Everyone must wash their hands thoroughly for 20 seconds with soap and running water or	Hands will be washed at regular intervals	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

use hand sanitiser after any contact with someone who is unwell	throughout the day with soap and water. Hand sanitiser is available if above cannot be accessed. Hands will be washed: On entry to building Before playtime After playtime Before eating Before home time After using the toilet After sneezing or coughing At other regular times			
The area around the person with symptoms must be cleaned with normal household disinfectant after they have left to reduce the risk of passing the infection on to other people	COVID-19: cleaning of non-healthcare settings guidance Cleaning will be undertaken by admin/central team	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Site User Developing Symptoms				
Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to book a test if they are displaying symptoms. The main symptoms are a high temperature, a new continuous cough and/or a loss or change to your sense of smell or taste. Staff and pupils must not come into the school if they have symptoms, and must be sent home to self-isolate if they develop them in school. All children can be tested if they have symptoms, including children under 5, but children aged 11 and under will need to be helped by their parents or carers if using a home testing kit	The advice service (or PHE local health protection team if escalated) will provide definitive advice on who must be sent home. A template letter will be provided to schools, on the advice of the health protection team, to send to parents and staff if needed Letters to parents to be used Regular updates via newsletter to be given on current procedures	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School have received an initial supply of 10 home test kits and information about how to order to replenish this supply when they are running out		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School determines how to prioritise the distribution of their test kits in order to minimise the impact of the virus on the education of their pupils.	The test kits sent to schools are provided to be used in the exceptional circumstance that an individual becomes symptomatic and schools believe they may have barriers to	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>accessing testing elsewhere.</p> <p>These kits can be given directly to staff or parents and carers collecting a child who has developed symptoms at school. In particular, these tests kits will also help ensure that symptomatic staff can also get a test and if they test negative, can return to work as soon as they no longer have symptoms of coronavirus (COVID-19). Further information is provided in our guidance Coronavirus (COVID-19): test kits for schools and FE providers.</p>			
The asymptomatic testing programme does not replace the current testing policy for those with symptoms. Anyone with symptoms (even if they recently had a negative LFD test result), should still self-isolate immediately according to government guidelines		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Those with symptoms are expected to order a test online or visit a test site to take a lab-based polymerase chain reaction (PCR) test to check if they have the virus		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test & Trace		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to self-isolate if they have been in close contact with someone who develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19)	Household members of those contacts who are sent home do not need to self-isolate themselves unless the child, young person or staff member who is self-isolating subsequently develops symptoms	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Parents and staff are asked to inform the school immediately of the results of a test	Schools must not share the names or	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	details of people with coronavirus (COVID-19) unless essential to protect others			
If someone with symptoms tests negative for coronavirus (COVID-19), then they need should stay at home until they are recovered as usual from their illness but can safely return thereafter. The only exception to return following a negative test result is where an individual is separately identified as a close contact of a confirmed case, when they will need to self-isolate for 10 days from the date of that contact	Schools should not request evidence of negative test results or other medical evidence before admitting children or welcoming them back after a period of self-isolation	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Someone who is self-isolating because they have been in close contact with someone who has tested positive for coronavirus (COVID-19) starts to feel unwell and gets a test for coronavirus themselves, and the test delivers a negative result, they must remain in isolation for the remainder of the 10-day isolation period	This is because they could still develop coronavirus (COVID-19) within the remaining days	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If someone with symptoms tests positive, they should follow the ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’ and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste. This is because a cough or anosmia can last for several weeks once the infection has gone. The 10-day period starts from the day when they first became ill. If they still have a high temperature, they should continue to self-isolate until their temperature returns to normal. Other members of their household should all self-isolate for the full 10 days		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 10 days since they were last in close contact with that person when they were infectious	Close contact means: - direct close contacts - face to face contact with an infected individual for any length of time , within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>- proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual</p> <p>- travelling in a small vehicle, like a car, with an infected person</p>			
<p>School must take swift action when they become aware that someone who has attended has tested positive for coronavirus and must contact the dedicated advice service introduced by Public Health England (PHE) and delivered by the NHS Business Services Authority</p>	<p>This can be reached by calling the DfE Helpline on 0800 046 8687 and selecting option 1 for advice on the action to take in response to a positive case. Schools will be put through to a team of advisers who will inform them of what action is needed based on the latest public health advice</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Public Health England has good evidence that routinely taking the temperature of pupils by the school is not recommended as this is an unreliable method for identifying coronavirus (COVID-19) so this does not take place</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Inadequate Hand Washing/Personal Hygiene</p>				
<p>Staff/pupils/cleaners/contractors etc. will be reminded to clean their hands regularly, including when they arrive at school, when they return from breaks, when they change rooms and before and after eating</p>	<p>Ensure that staff have sufficient time to wash their hands regularly, as frequently as pupils</p> <p>Time provided for staff to wash hands. Hand sanitiser available at the entrance to school. Staff encouraged to wash hands frequently</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Consideration given to how often pupils and staff will need to wash their hands and incorporated time for this is in timetables or lesson plans</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Staff working with pupils who spit uncontrollably may want more opportunities to wash their hands than other staff</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Pupils who use saliva as a sensory stimulant or who struggle with 'catch it, bin it, kill it' may also need more opportunities to wash their hands and this has been considered</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Help given to pupils with complex needs to clean their hands properly		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Risk assessments for pupils with complex needs that may struggle to maintain as good respiratory hygiene as their peers, for example those who spit uncontrollably or use saliva as a sensory stimulant, have been updated in order to support these pupils and the staff working with them	Risk assessments in place	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Hands are washed with liquid soap & water for a minimum of 20 seconds		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school has considered whether they have enough hand washing or hand sanitiser 'stations' available so that all pupils and staff can clean their hands regularly	Stock is kept in school and checked weekly	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Alcohol based hand cleansers/gels can only be used if soap and water are not available, but is not a substitute for hand washing. Such gels MUST ONLY BE USED UNDER CLOSE SUPERVISION. In normal circumstances pupils should not be using alcohol based hand cleansers because of the risk of ingestion	Skin friendly cleaning wipes can be used as an alternative	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School has embedded hand washing routines into school culture, supported by behaviour expectations to help ensure younger pupils and those with complex needs understand the need to follow them	Planned in to the daily routine	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The 'catch it, bin it, kill it' approach is very important and is promoted		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Disposable tissues are available in each room for both staff and pupil use		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bins (ideally lidded pedal bins) for tissues are available in each room		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School has embedded the 'catch it, bin it, kill it' approach to ensure younger pupils and those with complex needs get this right, and that all pupils understand that this is now part of how the school operates	The e-bug website contains free resources for schools, including materials to encourage good hand and respiratory hygiene	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Personal Protection & PPE				
Adults (staff and visitors) in Primary schools DO wear face coverings in areas outside of the classroom	All staff and visitors wear face coverings when outside of the classroom	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Children in Primary schools do not need to wear a face covering		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In Secondary schools face coverings should be worn by adults and pupils when moving around the premises, outside of classrooms, such as in corridors and communal areas where social distancing cannot easily be maintained	<p>Some individuals are exempt from wearing face coverings. This applies to those who:</p> <ul style="list-style-type: none"> - cannot put on, wear or remove a face covering because of a physical or mental illness or impairment or disability - speak to or provide assistance to someone who relies on lip reading, clear sound or facial expression to communicate <p>The same exemptions will apply in education settings, and we would expect teachers and other staff to be sensitive to those needs.</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
In Secondary schools face coverings should be worn in classrooms or during activities where social distancing cannot be maintained These measures will be in place until Easter when it will be reviewed	This does not apply in situations where wearing a face covering would impact on the ability to take part in exercise or strenuous activity, for example in PE lessons	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Transparent face coverings can also be worn, but only to assist communication with someone who relies on lip reading, clear sound or facial expression to communicate		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Face visors or shields are not routinely worn as an alternative to face coverings	Visors may protect against droplet spread in specific circumstances but are unlikely to be effective in preventing aerosol transmission, and therefore in a school environment are	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	unlikely to offer appropriate protection to the wearer			
Face coverings do not need to be worn by pupils when outdoors on the premises		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Those who rely on visual signals for communication, or communicate with or provide support to such individuals, are currently exempt from any requirement to wear face coverings in schools or in public places		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils are instructed to: <ul style="list-style-type: none"> • not touch the front of their face covering during use or when removing it • dispose of temporary face coverings in a 'black bag' waste bin (not recycling bin) • place reusable face coverings in a plastic bag they can take home with them • wash their hands again before heading to their classroom 		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Clear instructions are provided to staff and pupils on how to put on, remove, store and dispose of face coverings, to avoid inadvertently increasing the risks of transmission		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Safe wearing of face coverings requires cleaning of hands before and after touching – including to remove or put them on – and the safe storage of them in individual, sealable plastic bags between use		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where a face covering becomes damp, it should not be worn and the face covering should be replaced carefully	Staff and pupils may consider bringing a spare face covering to wear if their face covering becomes damp during the day	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where anybody is struggling to access a face covering, or where they are unable to use their face covering due to having forgotten it or it having become soiled or unsafe, the school has taken steps to have a small contingency supply available to meet such needs		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School has a process for when face coverings are worn within the school and how they should be removed	This procedure should be communicated clearly to pupils and staff	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Adjustments to be made for pupils with SEND who may be distressed if required to remove a face covering against their wishes		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PPE will need to be worn by a member of staff if a pupil becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home. A face mask should be worn by the supervising adult if a distance of 2 metres	safe working in education, childcare and children's social care	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

cannot be maintained. If contact with the pupil is necessary, then gloves, an apron and a face mask should be worn by the supervising adult. If there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn				
PPE for coronavirus (COVID-19) is required when performing <u>aerosol generating procedures (AGPs)</u>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
When working with children and young people who cough, spit or vomit but do not have coronavirus (COVID-19) symptoms, only any PPE that would be routinely worn, is worn		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Visitors, Contractors & Spread of Coronavirus				
All visitors and contractors must make pre-arranged appointments or they will not be allowed on site	Book in via office prior to visit	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School ensures site guidance on physical distancing and hygiene is explained to visitors and contractors on or before arrival	Information provided on arrival at school	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where visits can happen outside of school hours, they are arranged as such		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Contractors to attend by agreement only after school have satisfied themselves that it is necessary for the visit to take place at that time and that all required controls are in place to allow the work to continue safely		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Contractors to provide updated risk assessment prior to visit which includes their own controls round infection spread prevention	Times of visits may need to be adapted to take in to account the ability to maintain appropriate social distancing measures and availability of resources to effectively clean following the visits	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
As normal, school engages with their local immunisation providers to provide immunisation programmes on site, ensuring these are delivered in keeping with the school's control measures	These programmes are essential for children's health and wellbeing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
A record is kept of all visitors with sufficient detail to support rapid contact tracing if required by NHS Test and Trace.	Admin office staff to sign visitors in and out	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Ventilation				

<p>Occupied spaces must always be well ventilated and a comfortable teaching environment maintained</p>	<p>This can be achieved by a variety of measures including:</p> <p>mechanical ventilation systems – these should be adjusted to increase the ventilation rate wherever possible, and checked to confirm that normal operation meets current guidance (if possible, systems should be adjusted to full fresh air or, if not, then systems should be operated as normal as long as they are within a single room and supplemented by an outdoor air supply)</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Ventilate spaces with outdoor air</p>	<p>Natural ventilation – if necessary external opening doors may also be used provided this doesn't compromise safeguarding measures</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Where possible, occupied room windows should be open</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Switch air handling units with recirculation to 100% outdoor air where this is not possible, systems are operated as normal</p>	<p>Further advice on this can be found in Health and Safety Executive guidance on air conditioning and ventilation during the coronavirus outbreak and CIBSE coronavirus (COVID-19) advice.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Prop doors open, where safe to do so (bearing in mind fire safety and safeguarding), to limit use of door handles and assist with creating a throughput of air</p>	<p>Fire doors must not be propped open unless they have a self-closing hold open device fitted</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>In cold weather where the school heating system is activated, windows are open to provide trickle ventilation rather than being fully open</p>	<p>natural ventilation – opening windows (in cooler weather windows should be opened just enough to provide constant</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	background ventilation, and opened more fully during breaks to purge the air in the space)			
Consideration given to opening high level windows in preference to low level to reduce draughts		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to only opening every other window instead of all windows when the heating is activated		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school offers flexibility to allow additional, suitable indoor clothing	For more information see School uniform	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Furniture rearranged where possible to avoid direct drafts		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Heating should be used as necessary to ensure comfort levels are maintained particularly in occupied spaces		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
When heating is activated and windows are on trickle vent, consideration is given to employing desk fans to move any stagnant pockets of air	Desk fans are pointed away from people and pointed at walls etc.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If school needs to use additional heaters they only use sealed, oil filled electric heaters	Electric fan heaters used sparingly due to increased fire and electrical risk	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Arrangements for Boarding Schools During Pandemic				
Where pupils travel from abroad to attend boarding schools, the school needs to plan for their collection and transfer from their point of arrival	Schools need to have plans in place for the collection and transfer of these pupils to school, which need to be explained to pupils and their parents before they travel. Advice to help schools, pupils and parents is provided in residential settings with international students guidance and in how to self-isolate when traveling to the UK guidance	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Where they have travelled from, or have stopped at, a country or territory that is not on the travel corridors list , pupils will be required to self-isolate for 10 days from the day they leave a non-exempt country or territory to travel to the UK	Where suitable, pupils can self-isolate at their boarding school	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Boarding pupils can be in one group residentially and another during the school day		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

It is accepted that boarding pupils will mix during sociable time		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
If a child in a boarding school shows symptoms, they should initially self-isolate in their residential setting household. Most children will benefit from self-isolating in their boarding house so that their usual support can continue. Others will benefit more from self-isolating in their family home	Guidance on isolation for residential educational settings.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Boarding pupils should not use public transport if they are symptomatic	If arranging their return to their family home to isolate, schools should follow advice on transport arrangements in the safe working in education childcare and childrens social care settings guidance	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
In the case of any localised outbreaks, we expect them to keep the residential provision open if at all possible	Decisions will be made on a case-by-case basis. They will need to remain open to those who: -have particular needs that cannot be accommodated safely at home -do not have suitable alternative accommodation	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
School maintain safe staff ratios, particularly for those pupils or students whose needs mean that they are safer remaining in the setting than returning home	Settings should prioritise staffing towards the most vulnerable pupils and students	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Have you consulted with the people/representatives undertaking the activity as part of the preparation of this risk assessment				
		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
What is the level of risk for this activity/situation with existing control measures				
		High <input checked="" type="checkbox"/>	Med <input type="checkbox"/>	Low <input type="checkbox"/>
Is the risk adequately controlled with existing control measures				
		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
Have you identified any further control measures needed to control the risk and recorded them in the action plan				
		Yes <input type="checkbox"/>		No <input checked="" type="checkbox"/>
ACTION PLAN (insert additional rows if required)		To be actioned by		
Further control measures to reduce risks so far as is reasonably practicable		Name	Date	

State overall risk level assigned to the task AFTER implementation of control and action plan measures taken as a result of this risk assessment		High <input type="checkbox"/>	Med <input checked="" type="checkbox"/>	Low <input type="checkbox"/>
Is such a risk level deemed to be as low as reasonably practical?		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
Is activity still acceptable with this level of risk?		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
If no, has this been escalated to senior leadership team?		Yes <input type="checkbox"/>		No <input type="checkbox"/>
Assessor(s):	Louise Newport	Signature(s):	L. Newport	
Date:	26.2.21	Review Date:	22 nd March and fortnightly	
Distribution:				

Risk rating	Action
HIGH	Urgently review/add controls & monitor, notify H&S Team (if Likely or Highly Likely – stop work, seek competent advice)
MEDIUM	Review/add controls (as far as reasonably practicable) & monitor
LOW	Monitor control measures

POTENTIAL OUTCOME		LIKELIHOOD		POTENTIAL OUTCOME					
Catastrophic	Fatal injury/permanent disability	Highly likely	More likely to occur	Catastrophic	Major	Moderate	Minor	Insignificant	
Major	RIDDOR reportable Specified Injury/Disease/Dangerous Occurrence	Likely		Major	Moderate	Minor	Insignificant		
Moderate	RIDDOR reportable over 7 day injury	Possible		Minor	Insignificant				
Minor	Minor injury (requiring first aid)	Unlikely		Insignificant					
Insignificant	Minor injury	Remote							
				Remote	Unlikely	Possible	Likely	Highly Likely
